

SIMULATION

Opération EBOLA

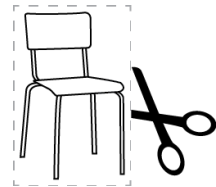

INTERVENTIONS COMMUNAUTAIRES

1/ Imprimer les fiches

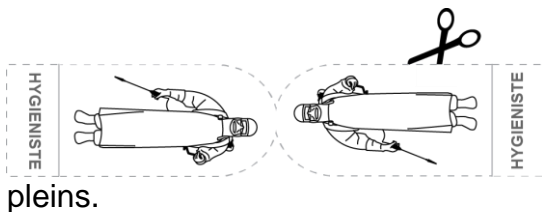

La face A au Recto et la Face B au Verso pour les fiches à deux côtés.

Imprimer toutes les fiches ou uniquement celles que vous avez besoin. Ce recueil de fiches contient tous les éléments dont vous avez besoin mais vous pouvez les imprimer en plusieurs exemplaires en fonction de vos besoins.

2/ Découper les éléments en suivant les contours en pointillés

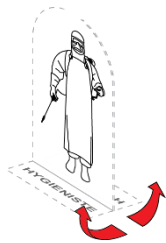

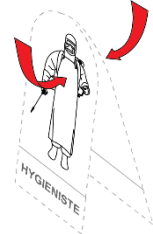

PERSONNAGES

A) Découper chaque personnage en suivant les contours en pointillés sans couper entre les deux faces. Ne pas découper le long des traits pleins.

B) Plier le modèle de personnage en son milieu en rabattant chaque face de façon à ce que la pliure se retrouve en haut du modèle.

C) Plier au niveau du trait plein la base de chaque face à 90° afin de créer le socle qui maintiendra le personnage en position verticale.

D) Appliquer un morceau de bande adhésive transparente autour du personnage afin de coller les deux faces ensemble et de le protéger lors des manipulations futures.

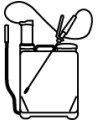

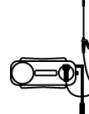

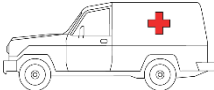

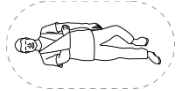

E) Facultatif : vous pouvez également coller un morceau de bande adhésive sur le dessus du support afin de renforcer la base.

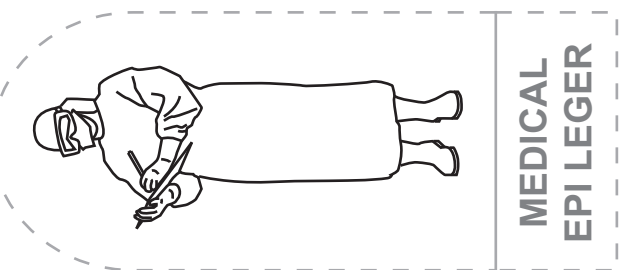

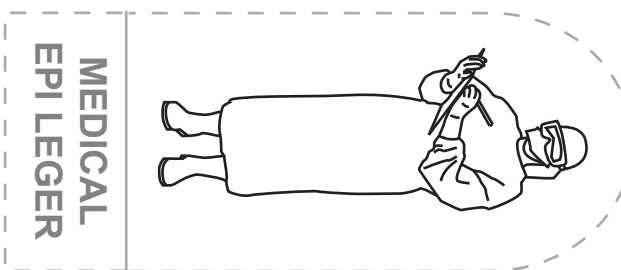

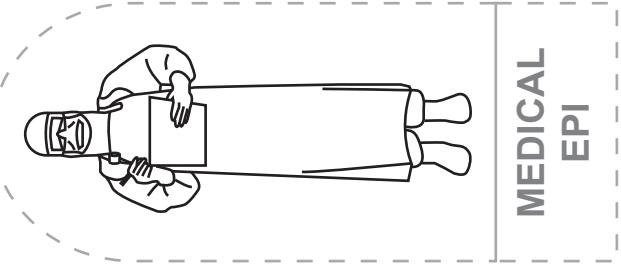

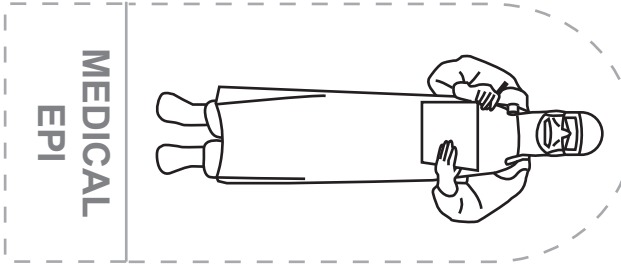

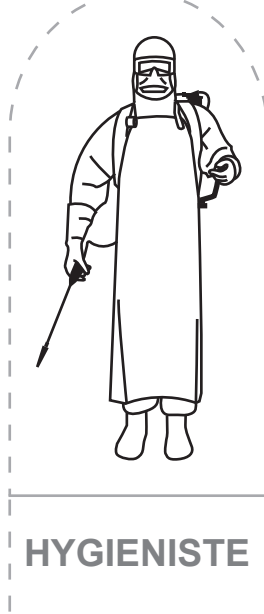

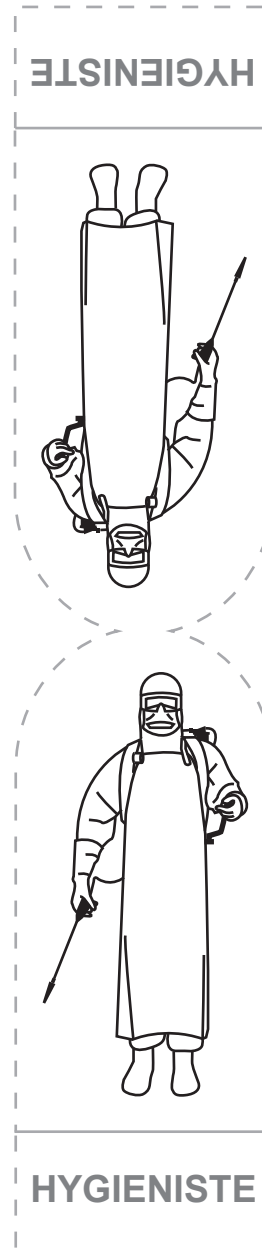

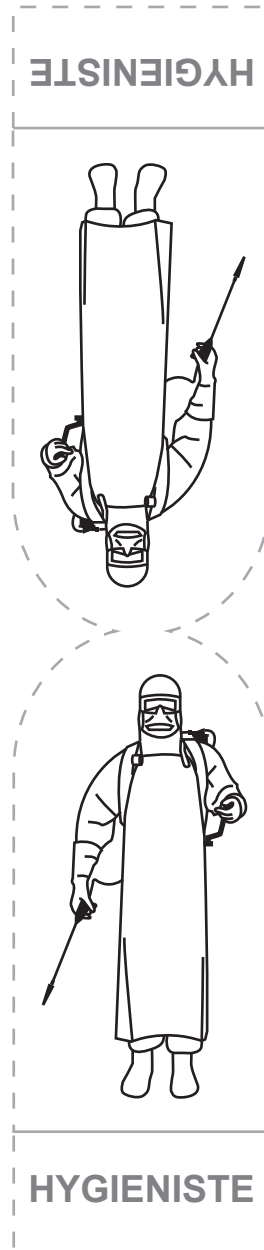

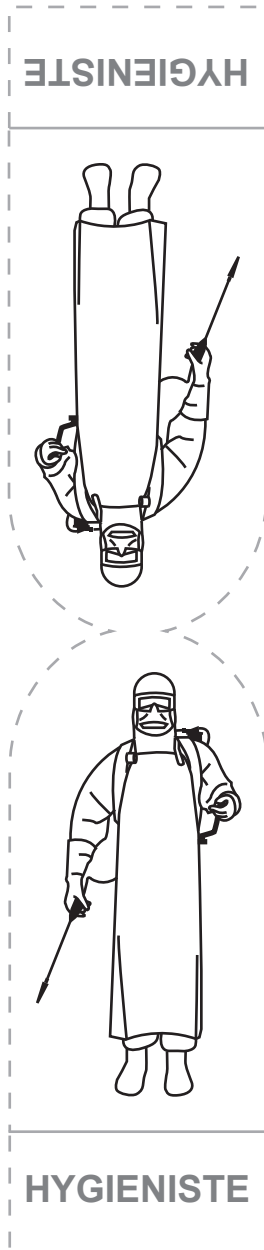

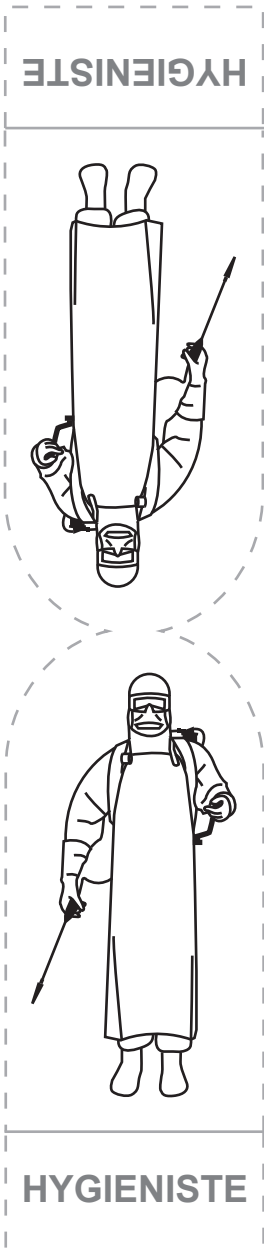

ELEMENTS SPECIAUX

Certains éléments peuvent être utilisés de plusieurs façons :

- **Les pulvérisateurs** stockage :  transport :  pulvérisation : 
- **Les véhicules** mouvement :  chargement : 
- **Les malades immobiles**  qui peuvent être utilisés comme décédés

Croix-Rouge française
